### **"RUNNING of the HORSES"**

**2025** was the "year of the Snake" - representing renewal and shedding of old habits for growth. Also referred to as 'the little Dragon'.

**2026** is the "year of the Fire Horse" - representing intense, dynamic energy, symbolising boldness, freedom, independence and transformation.

It's a time for swift, decisive action, innovation and breaking of old patterns. It is fitting that in the **year of the Fire Horse**, we are raising funds for our cherished horse friends and their needs.

# TRIBUTE to the HORSE

## A BOND BEYOND WORDS

A soft whinny in the morning light,  
A mane that catches golden bright.  
With gentle eyes that understand,  
The quiet bond of horse and hand.

They offer strength when we are weak,  
And find the comfort that we seek.  
With thundering hooves or quiet graze,  
They brighten all our passing days.

A loyal friend, in heart and soul,  
That makes the broken spirit whole.  
A spirit free, yet bound to care,  
A magic that is always there.
